DOTIN CREATIVE ACADEMY

**BEYOND TOOLS,**   
**WE DESIGN MINDS** 

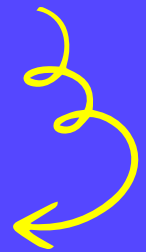

Creativity Isn't Just About Ideas, It's How You Think, See & Create  
It's Not Just A Skill, **It's A Mindset.**

*Unmatched  
Creative Energy*

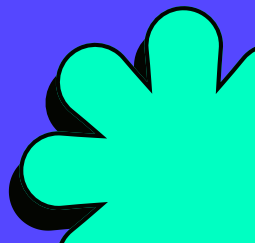

# Welcome to **Dotin Creative Academy,**

DCA from the house of Dotin Academy, is a space for anyone with big ideas and a passion for creativity. It's where you can explore, create, and grow as a creative person.

This is more than just a creative campus. It's a place where your ideas take shape, your skills grow, and your creative journey begins. At DCA, we help you turn creativity into confidence and a career.

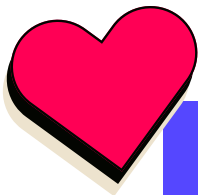

You'll learn in a supportive environment with expert mentors, hands-on training, real projects, and portfolio-building guidance that helps you stand out.

# Why Choose Dotin Creative Academy?

Design is not about software. It's about how you think, observe, question, and create. At Dotin Creative Academy (DCA), we don't train students to become tool operators. We shape creative thinkers, problem solvers, and designers with purpose.

**Because tools will change. Trends will evolve.  
But a creative mindset lasts a lifetime.**

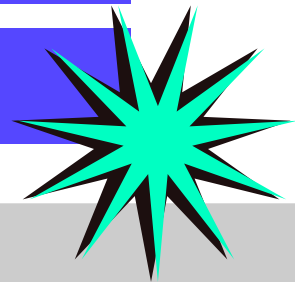

**Portfolio that stands out from day one**

**Fully practical oriented**

**Mentorship from industry experts**

**Internship opportunities**

**Certificate of completion**

## **Our Vision**

To shape a generation that thinks creatively and sees beyond the obvious. A generation that creates with confidence, clarity, and purpose.

## **Our Mission**

To build creative thinkers, not just tool users. We focus on teaching how to think, understand, and create with purpose. So our students grow confident, adaptable, and ready for the real world.

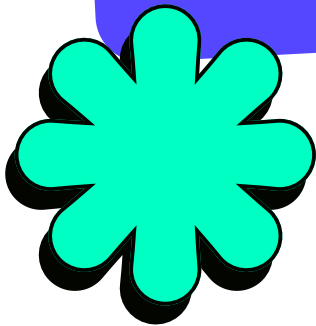

## Beyond software, we build thinkers

Many designers rely heavily on references and copy-paste ideas. They may know the tools, but often lack clarity about why a design works.

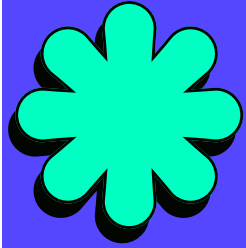

At Dotin Creative Academy, we believe thinking comes before tools. We train students to understand ideas, solve problems, and create original, meaningful work.

Because creativity  
isn't about the  
software you use.

It's about how you  
think, observe, and  
express ideas

We possess the best secret ideas to transform someone into a top-tier designer.

We are the finest and most up-to-date design academy you'll discover.

WE HAVE THE   
SECRETS TO  
-----  
CREATIVITY

People say you can't learn creativity, but we're here to prove them wrong. Let us show you how.

# What Makes Our Courses Unique

At DCA, we don't just teach you how to use tools we teach you how to think creatively.

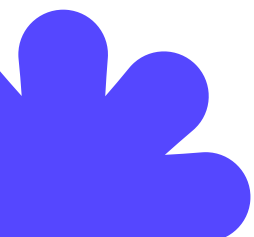

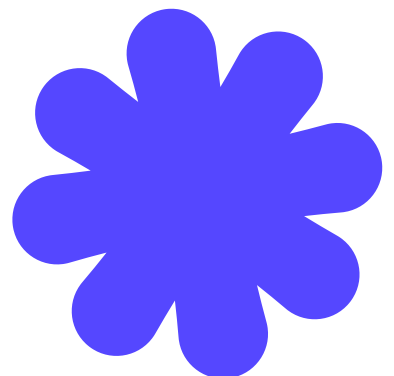

Our courses are designed to help students understand ideas, solve problems, and create original work. Learning is fully practical, with real projects, clear guidance, and continuous feedback.

We focus strongly on portfolio building so that students leave with work they can confidently show to companies or clients.

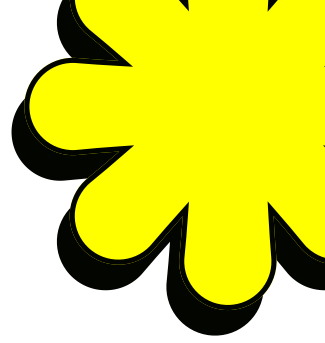

## What Makes Us Different? Because **Creativity Has** **No Limits**

DCA is for anyone who is curious, creative, and wants to build a future in the creative field.

# This is the **right place** for

Students who are interested in design, creativity, and visual storytelling

Beginners who want to start a creative career from scratch

Students who feel they are creative but don't know where to begin

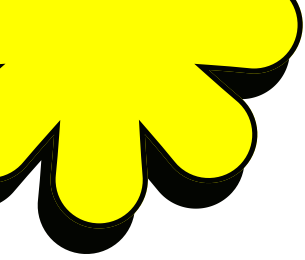

Designers who want to improve their thinking, clarity, and creative approach

Anyone who wants to learn by doing, not just watching or memorizing
